

Canada Is

Eric Robertson and Steve Hyde

All: Canada is the Rocky Mountains
Canada is Prince Edward Island
Canada is a country made for love
Canada is La Belle Provence
Canada is the Yukon mine
Canada is a country full of love

Women: We have love for our neighbour
Of whatever creed or colour
We have love for our cities
And our valleys and our plains

Men: We have a voice that is calling
Telling all the world we're willing
To welcome them to this great land
For that's what Canada is

All: Canada is the Rocky Mountains
Canada is Prince Edward Island
Canada is a country made for love
Canada is La Belle Provence
Canada is the Yukon mine
Canada is a country full of faith

Men: We have faith in our future
We're ready for tomorrow
We have faith in our children
For our future's in their hands

Women: We have a voice that is calling
Telling us to keep on hoping
For time will make this wild land great
And that's what Canada is

All: Canada is the Rocky Mountains
Canada is Prince Edward Island
Canada is a country made for love
Canada is La Belle Provence
Canada is the Yukon mine
Canada is a country full of love

Women: We have peace in our valleys
We're happy and contented
We have peace in our cities
And our boundaries have no chains

Men: We have a voice that is calling
Telling all free men we're willing
To show them how to live in peace
For that's what Canada is

All: Canada is the Rocky Mountains
Canada is Prince Edward Island
Canada is a country made for love
Canada is La Belle Provence
Canada is the Yukon mine
Canada is a country full of love
