Who will speak the words for the flower?
Who will sing the song for the tree?
Who will blow the trumpet for the elephant
Hunted for his ivory?

Who will be the roar for the tiger?
Who will do the work of the bee?
For those who have no choice, we must be the voice.
We must help them to be free.
Yes, it's up to you and me.

Chorus:

Sing a song for nature.
Sing a song for all the earth.
Open your eyes and realize
How much our planet's worth.
Sing a song for nature.
Sing your whole life through.
If you sing a song for nature,
It will sing one back to you.

Who will be the shell for the turtle?
Who will save the chimpanzee?
Who will tell the tale of the great blue whale
Swimming in the great blue sea?
Yes, it's up to you and me.

(To Chorus)

Sing a song for nature.
