

Wings in the Morning

Johnny Cash

Chorus: Wings in the morning and license to fly
Straight to the portals of never more die.
Never more pain in them old aching bones
Wings in the morning to carry us home.

All: My grandfather lived by the book all his life
On rich bottom land with twelve kids and a wife.
He never saw TV nor rode a jet plane
But he knew that heaven was holding his claim.

Chorus:

All: The salt of the earth, yet with faith in the Lord,
They all got together in that one accord.
And what could be greater than God's guarantee
That we can have heaven for eternity?

Chorus:

All: Rocks in the road and we stumble and fall;
Lights getting low, so we don't see at all.
But I promise you, on that getting up day
Wings in the morning, we'll fly away.

Chorus: <repeat twice>
